

Further Update on Learning From Home Procedures

The school has been contacting parents and children to get feedback on how Learning from Home is progressing. As a result of that feedback and feedback from our teachers we have adjusted our guidelines and procedures:

Timetable:

Bell times have been adjusted as follows. This will commence on Thursday 2/4/20:

These changes will allow students to have a rest between periods, snack, get away from the screen and have a walk and prepare for the next lesson. The extra spare time you have (sport time, study periods, earlier finish) may be used for exercise, finishing off work or working on assignments.

Don't forget your PE teachers expect you to complete an exercise log for PE lessons.

We encourage you to be online at this time, as this is when teachers will be directly available for feedback, but we understand that this may not always be possible. If not, teachers will set reasonable deadlines as to when work needs to be completed but you will miss the face to face learning component. Also understand that teachers are not available 24 hours a day for communication with you and they may set specific times for their classes for out of class communication.

Adjustments to assessment schedules will be made once we receive advice from NESAs and this will be communicated to you.
